## Our Organization:

Animal House Shelter began with a dog named Kiley. Lesley Irwin, founder and President of Animal House Shelter rescued a dog that had been dodging cars on a busy road in northern Illinois. The experience of rescuing Kiley and rehabilitating her to become a beautiful, loving member of her family inspired Lesley to see to it that many more animals would have a chance at life in a loving home with a family to call their own. In June of 2002, Lesley opened the doors to Animal House Shelter. It would become a place of rescue for homeless dogs and cats, to rehabilitate and care for these animals until they found their forever homes. To date, the shelter has rescued, rehabilitated and placed over 20,000 dogs and cats into loving forever homes!

98% of our dogs and cats are rescued from high "kill" shelters, pounds and animal control facilities in which they are usually listed as strays, and almost always scheduled to be euthanized. We rescue these abused and neglected animals and rehabilitate them mentally and physically in order to place them with the best new family. We provide the best possible veterinary care to all of our animals and never decline treatment, whatever it may entail, if it means that the animal has a chance at a new and healthy life. All dogs and cats are given all vaccinations, including the Rabies vaccine. They are spayed/neutered, micro-chipped, de-wormed and heartworm tested (dogs) or FeLV/FIV tested (cats). Dogs are kept on heartworm preventative and all animals receive Frontline Plus monthly by Animal House. We also believe it is important to keep the animal population under control and prevent additional homeless animals by neutering and spaying all of our animals before they are available for adoption. All dogs are walked 4-5 times a day and socialized with each other and volunteers. The cats are housed in a large 'free roam' cat room so they can socialize all day with each other, staff, volunteers and potential adopters.

We are open daily from 11am to 7pm and are even open on holidays. We strive to go above and beyond when caring for and socializing our animals. We understand the importance of getting to know each and every animal that is available for adoption in an effort to place him or her in the most perfect home possible. Like people, animals have distinct personalities that make them unique. At Animal House Shelter, we are proud to say that the dogs and cats are treated like our own. We care enough to be certain they are treated with the comfort and respect that they deserve and we make every effort to ensure that they go to the right, forever, permanent, loving home.

## How You Can Help:

Animal House Shelter is hosting its annual 5k Run/Walk. Our goal of this event is to raise money for our shelter animals medical expenses, bring people and animals together for a fun relaxing and athletic day of events and bringing people with a love of animals together. We are asking for your business to help us by providing a sponsorship for our run and in return we will help by advertising your business to our patrons and visitors to our facility. The following pages illustrate how different ways your company can donate to our event as well as what you receive in return for your donation. We hope you will help us with our event and appreciate taking the time to look over our information. We thank you for your support.
